### PROFILE

Motivated Software Engineering student at UMT, Lahore with hands-on experience in developing responsive and user-friendly web applications using HTML, CSS, and JavaScript. Skilled in creating structured, clean, and maintainable code with a focus on modern UI/UX practices. Passionate about learning modern frameworks (React, Node.js) and eager to apply technical expertise in real-world projects, contribute to dynamic teams, and grow as a Frontend Developer.

### PROJECTS

#### Weather Pakistan Website

- Created a weather application showing real-time weather updates for Pakistani cities. Integrated live API data fetching with JavaScript.
